## JOHNSON WILL WORRY JEFFRIES

Jack Johnson in discussing his coming fight with Jeffries with a friend in Chicago a few days ago, said:

"It would be foolish on my part to say that I would whip Jeffries sure, and that he would not have a 'look-in.' Now, I do not expect to lose the fight, but I do not look for a walk-away by any means. Jeffries was a wonderful fighter before he retired, and I guess he is still a great fighter, but I am just confident enough to think I am a little better than he is now, and therefore I expect to win."

"I am just as strong as Jeffries. If that is the case, I figure that I should win, because I am younger than he is and will be at my best, and my stamina will be better than his. In addition, I figure that I am cleverer than Jeff, although some claim that he is just as clever as I am."

"I know I have a better left hand than he has, and can fight on the defense as well as any man living. That being the case, why should I not be able to go along for quite a distance and wear him out without taking chances, and then go in and win? I know as well as anyone that Jeffries will be a different proposition than either Tommy Burns or Stanley Ketchel, and I would be foolish to say that he will not do as well as they did. Now, I always had a great deal of respect for Jeffries, and looked upon him as a wonderful fighter; but, to tell the truth, I do not think he is as good now. He may be able to come back in the best of shape, but you will find that when it comes to a case of stamina and ability to recuperate he will not be there."

"They say Jeffries weighs 225 now, but I know he is nearer 235, and will not doubt fight at about 215 or 220. I am weighing about 220 now, and expect to train down and enter the ring at about 200. Jeffries has a little longer reach than I have, mine being 72 1/2 inches, but that will not matter. And just say that I am six feet and 1/4 of an inch tall in my stockings, while Jeffries is just about half an inch taller."

"After the fight on July 4, I intend to go to Europe for a tour, no matter whether I win or not, but I expect to go as world's champion."

Regarding the international boxing board, Johnson said: "An international board for boxing would be the best thing that could happen. It would hold the game and clear many perplexing questions. I like the English scale of weights pretty well, especially the welter at 147 and the bantams at 118. The lightweight scale should be 135 instead of 133, and by all means there should be no ringside weights. All weighing should be done at about 2 or 3 o'clock in the afternoon, as then it gives the men a chance to go into the ring strong, as they should be, and not half dead, as many have done in the past in order to save weight forfeits. Ringside weight is bad and should never

be tolerated by the board. The board would also be a good thing to settle all questions about titles. The movement should be encouraged by all boxers and promoters in the states."

## JEFFRIES GETS READY FOR BOUT

BEN LOMOND, Cal., April 5.—Jas. J. Jeffries began preliminary training today for his fight with Jack Johnson on July 4, but it will be a week or more before he settles down to hard work.

Jeffries and his party arrived today and took possession of his training quarters, located a short distance from here.

The fighter was accompanied by his wife, his two nephews, Sam Berger, his manager, Wrestler Farmer Burns and a number of other men who will be used in the training camp.

Jeffries expressed himself as greatly pleased with the place where he will work from now until a day or two before he steps into the ring to contest the world's championship with Johnson.

After looking at the cottage and gymnasium which have been fitted up for him, and trying out the new handball court, Jeff and his nephews and others engaged in a brisk game of baseball. He showed great agility and ease of action.

## JOHNSON CONTRACT IS PUT TO AN END

BOSTON, April 5.—The superior court today annulled a contract between A. A. McLean of Chelsea and Jack Johnson, the pugilist, in which Johnson agreed to fight, box and give boxing exhibitions, on the ground that the making of such an agreement was a felony in this state and could not be enforced.

McLean sued the champion heavy-weight on a contract made four years ago, claiming that he suffered a loss of \$10,000 when Johnson broke the contract.

McLean said that Johnson had agreed to fight him on a certain date, but that Johnson had failed to appear.

Johnson's lawyer, J. W. Murray, a former Rhodes scholar, who favored the substitution of the Rugby game.

Of especial interest will be the program rendered by the choir, consisting of A. H. Peabody, Fred Graham, Edna Dwyer, Jack Taylor, Willard Squires and Irene Kelly.

During the convocation the Neophytes will wear white badges; the members will wear red; the visitors will wear yellow and the thirty-three degree Masons will be distinguished by purple badges.

EXTENT OF DAMAGE IS NOT YET KNOWN

Salt Lake April 5.—The extent of the damage done to the Western Pacific by the recent storm is not yet known as there are reports of the damaged track that have not yet been examined. A full report of the damage

## Make Your "Meat" Shredded Wheat

These are troublous times for the man who eats food.

The Government is after the beef trust, the poultry trust and "the cold storage egg". But while congress, state legislatures and grand juries are "investigating" the high cost of living, your meat bills and grocery bills are soaring higher and higher.

The food problem is an easy one if you know

## SHREDDED WHEAT

It contains more real body-building nutriment than meat or eggs, is more easily digested and costs much less. Always clean—always pure—always the same price. Your grocer sells it.

ALL THE "MEAT" OF THE GOLDEN WHEAT

Shredded Wheat Biscuit is made of the whole wheat, steam-cooked, shredded and baked in the cleanest, finest food factory in the world. It is ready-cooked, ready-to-serve. Two Shredded Wheat Biscuits heated in the oven to restore crispness, and eaten with a little hot milk, and salted or sweetened to suit the taste, will supply all the energy needed for a half-day's work. If you like it for breakfast, you will like it for any meal in combination with vegetables, baked apples, sliced bananas, stewed prunes or other fruits.

done is expected by the local officers of the company tonight.

From what the local officers can learn it will probably take at least a week to repair the damage. Chief Engineer T. J. Wyche was the engineer in charge of construction when the line was built across the southern end of the lake. He will visit the damaged district today or tomorrow and will likely take steps to prevent a recurrence of such damages as those suffered by the road during the storm of Saturday night.

## GREAT PROMISE FOR COMING ATTRACTION

Bringing the announcement that the "Merry Widow" company, Savage's greatest and most lasting success in the line of musical comedy, was meeting with unprecedented success in its tour which is gradually bringing it toward Ogden, W. M. Roddy, advance agent for the company, arrived in this city yesterday to make arrangements for the staging of the great show here in the near future. In spite of the fact that the show has been on the road and playing continuously longer than any other musical comedy, it is meeting with great interest and appreciation everywhere, according to Mr. Roddy, and the promises of the management are that it will be staged with a cast that is fully the equal of the original performers who gave it everlasting refutation and fame.

## FUNERAL SERVICES FOR MISS HORROCKS

Funeral services over the remains of Clarice Virginia Horrocks, the daughter of Mr. and Mrs. E. J. Horrocks, were held at the Sixth ward meeting house at 2 o'clock yesterday afternoon, Bishop's Counselor Parley T. Wright conducting the ceremonies.

The ward choir furnished excellent and appropriate music in the two songs entitled, "Nearer, Dear Saviour, to Thee," and "Wanted on the Other Side." William Pickett rendered a beautiful solo, with the assistance in the chorus by the ward choir, entitled "Grave, Where is Thy Victory?"

Mrs. Mary Parley, in her usual excellent and beautiful style sang "Some Time We'll Understand," and "Christ-

ians Good Night." Alva Scoville, E. A. Larkin and Parley T. Wright addressed remarks of encouragement and feeling to the bereaved parents.

The services were largely attended and the floral offerings were many and beautiful, more than filling the entire pulpit of the church. The sophomore class, of which the deceased was a member, accompanied the body from the home of the parents to the church and from the church to the cemetery, eight of the members acting as pall bearers. Interment was made in the Ogden City cemetery. Brother Hancock making the dedication.

Following the completion of the program of music tableaux has been arranged, in which the following ladies will participate: Miss Hart, Miss Gannell, Miss Parley, Miss Spencer, Miss Russell, Miss Pierce, Mrs. Fred G. Clark, Master Gordon Graham and Mr. Webster. In addition to the above named, the following will take part in the rendition of the program: Mr. L. Lyman, Mrs. Lyman, Mrs. Fred King, Little Louis and Hazel James. An interesting and amusing entertainment is promised and indications point to its being a success.

Many Teachers Guests of Ogden

Taking advantage of the week's vacation given the public school children of the capital city during conference week, when the presence of so many out-of-town people makes it almost impossible to keep the children at school, a large number of Salt Lake teachers yesterday came to Ogden to spend a few days visiting the city schools.

Especially have they been pleased with the new high school, which they declare to be first-class in every respect. Inspections of the various schools and the methods in use will take up their time until they return to resume work in Salt Lake.

With only six weeks remaining of school days the children and teachers are looking forward to the usual summer vacation. Recently all the school children of the city were given packages of vegetable and flower seeds of different varieties. The seeds are received annually from Washington, and the children report to the teachers the results obtained from their use.

It is said that quite a number of the school children have managed to become proficient in gardening through this method of distributing seeds.

DENVER MAN IS THREATENED

DENVER, April 5.—Frank A. Spasato, a commission merchant of Denver, received a black-mailing letter today from Madrid, Spain. Written in Italian, the letter said:

"I am in prison in this city (Madrid), for failure in business, and I beg you to come to my assistance to secure possession of 12,000,000 francs belonging to me and which is hidden in a trunk now in the hands of the customs officials."

"It is necessary that you come over here to take charge of my baggage, paying the court costs, attaching to my cases. To compensate you

for your trouble, I will give you one-third of the sum."

"For fear this letter will not reach you I do not sign my name, but if you do receive it and wish to communicate with me, telegraph my agent, Mariano Oliver, Cruz 24, Madrid, Spain."

"If you do not extend aid I shall arrive without notice in Denver and wipe out the entire Spasato family."

"I recommend all discretion and suggest that you answer by telegram."

"Awaiting your answer, I will sign only (Signed) R. De. O."

## LOCAL CHURCH WILL GIVE ENTERTAINMENT

On the night of April 12, in K. of P. hall, the ladies of the local Christian church will give an old-time olio entertainment, with an elaborate program of vocal and instrumental music, recitations and other features, in aid of the Christian Women's Board of missions.

Following the completion of the program of music tableaux has been arranged, in which the following ladies will participate: Miss Hart, Miss Gannell, Miss Parley, Miss Spencer, Miss Russell, Miss Pierce, Mrs. Fred G. Clark, Master Gordon Graham and Mr. Webster. In addition to the above named, the following will take part in the rendition of the program: Mr. L. ## JAIL-BREAKER MEETS DEATH

CENTREVILLE, Texas, April 5.—In an attempted escape from the Centerville jail yesterday afternoon Frank Bates, Sr., charged jointly with his two sons, Frank Bates, Jr., and Dolly Bates, with the killing of Ben Moot, Dec. 3, 1909, was shot and killed by a posse of citizens. Dolly Bates was captured and hanged in a cell in the jail, but was cut down before life was extinct.

Deputy Sheriff J. S. St. John, who attempted to frustrate the escape of the prisoners, was shot and dangerously wounded by the prisoners, a bullet entering the right side of the neck.

Frank Bates, Jr., the other son, who was also in the jail, did not leave the prison and was unhurt.

Late tonight it was declared both St. John and Bates would live.

## In the Halls of Congress

WASHINGTON, April 5.—Senator Heyburn of Idaho consumed most of the session of the senate today by discussing the railroad bill.

In the house the naval appropriation bill was under consideration all day, few changes being made in the measure. As the house could not agree upon resolutions of the committee on naval affairs to increase the length of the proposed dry docks at New York, Puget Sound and Pearl Harbor, approximately to 500 feet, an increase of about 100 feet, the entire appropriations for these projects were stricken from the bill, leaving their determination to a later day.

Both the senate and house will be in session tomorrow.

## AMERICAN WIVES ARE PAYING PROPERTY

That an American wife may be a paying property to a titled foreigner, even after he has lost family control of her, is shown by a recent decision of a French court.

This court has ruled that the Duchess de Tallyrand-Perigord, alias the Princess Helene de Sagan, formerly Anna Gould, must continue to pay an annuity of \$6,500 a year to the Marquis and Marquise de Castellane, the parents of her former husband, Count Boni.

She must also pay the aged pair the sum of 12,000 francs, or about \$2,600, the same being the amount due and still unpaid on the last installment of the annuity.

The way the Duchess de Tallyrand-Perigord was saddled with the support of her former father-in-law and mother-in-law for the remainder of their natural lives was this:

At the time of her marriage she and

her husband Count Boni, leased a certain forest owned by the count's parents for \$6,500 a year. The forest was subsequently sold and the amount turned over to the count to help pay his debts.

The forest thus vanished from the family assets, but the joint obligation to its former owners remained. And as the Count Boni is insolvent, his former wife must naturally meet the obligation.

Thus we can see that, if properly managed, an American wife can be made to pay dividends indefinitely to the foreign nobleman and even his family. This fact, joined to the further circumstance that she costs little to begin with, naturally makes her a favorite investment with a certain class of men. She is certainly the only vestment that continues to pay even after one has lost all right, title and property in it.—Chicago Inter Ocean.

HONDURANS FILE SENSATIONAL DIVORCE

NEW YORK, April 5.—Both Isa W. lard Helm, Honduran vice consul here, and his wife, who was Edna Valentin, are seeking a divorce and have been named as respondents. Mrs. Helm appeared today in the supreme court in her own case, besides which she is the defendant in the counter-suit of her husband. Mrs. Helm names Norman Selby, otherwise known as Kild M. Coy, a pugilist.

Mrs. Helm is a daughter of Washington S. Valentine, a wealthy investor.

## QUICK RELIEF OF ITCHING ECZEMA

Was Surprising—Inflammation Reduced in a Few Hours and Cured Soon Followed—Boy's Torture Had Been Intense for Years—Friend's Child Had Eczema, Too.

MOTHER TELLS HOW CUTICURA CURED BOTH

"When my boy was six years old, he suffered terribly with eczema. It could neither sit still nor lie quietly in bed, for the itching was dreadful. He would irritate spots by scratching with his nails and the itching would be worse. A doctor treated him and we tried almost everything, but the eczema seemed to spread. It started in a small place on the lower extremities and spread for two years until it very nearly covered the back part of his leg to the knee.

Finally I got Cuticura Soap, Cuticura Ointment and Cuticura Pills and gave them according to directions. I used them in the morning and that evening, before I put my boy to bed, I used them again and the improvement even in those few hours was surprising. The inflammation seemed to be so much less. I used two boxes of Cuticura Ointment, the name of the Pills and the Soap and my boy was cured. My son is now in his seventeenth year and he has never had a return of the eczema.

"I took care of a friend's child that had eczema on its face and limbs and I used the Cuticura Soap and Ointment. They acted on the child just as they did on my son and it has never returned. I would recommend the Cuticura Remedies to anyone. Mrs. A. J. Cochran, 1823 Columbia Ave., Philadelphia, Pa., Oct. 20, 1909."

THE SWIFT SPECIFIC CO., ATLANTA, GA.

What S. S. S. did for Mr. Norfolk it can do for every one who is afflicted with a Skin Disease. He is just one of the many thousands who have cured themselves by the simple process of purifying the blood and removing the cause from the circulation. We want you to be cured if you have any skin trouble, and shall endeavor in this short talk to tell you just why S. S. S. will accomplish the desired result.

The skin is composed of two distinct layers. One is known as the epidermis or outer skin, which has no fibres, and serves principally as a covering to the body. The other is known as the derma or true skin, and is composed of elastic fibres, fat tissue, glands, lymphatics, nerves, etc. The thousands of tiny veins and arteries with which this lower section is interlaced, supplies the cuticle with healthful properties from the circulation to keep the skin smooth and healthy. We can therefore readily see how necessary it is for the blood to be pure if the skin remain free from disease, and also why humors and acids in the circulation always find their way to the surface and cause skin affections.

All skin troubles are due to a humor or acid in the blood. Instead of supplying rich, nutritive properties to the cuticle, the circulation constantly deposits an acid impurity into the sensitive fibres and tissues. This causes inflammation of the under layer of the skin which splits or breaks the thin outer tissue and causes an ulceration of the glands, producing a discharge upon the surface, in the form of Eczema, Tetter, Salt Rheum, etc. There is likewise a dry form of skin disease such as Acne, Psoriasis, etc. In these varieties the humor in the blood protrudes to the outer surface. Pimples, rashes, eruptions and like troubles are all due to impure blood, and only a blood purifier can cure them. Salves, washes, lotions, etc., will perhaps afford some temporary relief from the itching, and assist in keeping the skin clean, but such treatment can have no effect on the humors in the blood, and therefore never do any permanent good.
